# Licensing for AI Wooden Toys for Pathum Thani

Our AI Wooden Toys for Pathum Thani service requires a subscription-based licensing model to ensure ongoing support, maintenance, and access to the latest features and improvements.

## Types of Licenses

1. **Ongoing Support License:** This license covers the ongoing maintenance, support, and troubleshooting of the AI Wooden Toys system. It includes regular updates, bug fixes, and performance enhancements.
2. **Software License:** This license grants access to the proprietary software that powers the AI Wooden Toys system. It includes the machine learning algorithms, computer vision models, and other software components necessary for the system to function.
3. **Hardware License:** This license covers the use of the specialized hardware required to run the AI Wooden Toys system. This includes the high-performance computer, webcam, microphone, and speaker.

## Cost and Billing

The cost of the licenses will vary depending on the specific requirements of your project. We will work with you to determine the appropriate licensing plan and provide a detailed estimate of the costs involved.

## Benefits of Licensing

- **Guaranteed Support:** The Ongoing Support License ensures that you have access to our team of experts to assist with any issues or questions you may encounter.
- **Access to Updates:** The Software License grants you access to all future updates and improvements to the AI Wooden Toys system, ensuring that you always have the latest and most advanced features.
- **Optimized Performance:** The Hardware License provides access to the specialized hardware required to optimize the performance of the AI Wooden Toys system.
- **Peace of Mind:** By licensing the AI Wooden Toys system, you can rest assured that you are using a reliable and well-supported solution.

We believe that our licensing model provides the best value for our customers by ensuring ongoing support, access to the latest features, and optimized performance for your AI Wooden Toys for Pathum Thani system.
