Meet Our Key Players in Project Management

Get to know the experienced leadership driving our project management forward: Sandeep Bharadwaj, a seasoned professional with a rich background in securities trading and technology entrepreneurship, and Stuart Dawsons, our Lead AI Engineer, spearheading innovation in AI solutions. Together, they bring decades of expertise to ensure the success of our projects.

Stuart Dawsons

Lead AI Engineer

Under Stuart Dawsons' leadership, our lead engineer, the company stands as a pioneering force in engineering groundbreaking AI solutions. Stuart brings to the table over a decade of specialized experience in machine learning and advanced AI solutions. His commitment to excellence is evident in our strategic influence across various markets. Navigating global landscapes, our core aim is to deliver inventive AI solutions that drive success internationally. With Stuart's guidance, expertise, and unwavering dedication to engineering excellence, we are well-positioned to continue setting new standards in AI innovation.

Sandeep Bharadwaj

Lead AI Consultant

As our lead AI consultant, Sandeep Bharadwaj brings over 29 years of extensive experience in securities trading and financial services across the UK, India, and Hong Kong. His expertise spans equities, bonds, currencies, and algorithmic trading systems. With leadership roles at DE Shaw, Tradition, and Tower Capital, Sandeep has a proven track record in driving business growth and innovation. His tenure at Tata Consultancy Services and Moody's Analytics further solidifies his proficiency in OTC derivatives and financial analytics. Additionally, as the founder of a technology company specializing in AI, Sandeep is uniquely positioned to guide and empower our team through its journey with our company. Holding an MBA from Manchester Business School and a degree in Mechanical Engineering from Manipal Institute of Technology, Sandeep's strategic insights and technical acumen will be invaluable assets in advancing our AI initiatives.
